

5RMMA Jr. Dragon Black Belt Club!

Welcome to the Best of the Best!

We are totally dependent on our Black Belt Club Members to help us maintain our, "Tradition of Excellence." Our goal remains to provide the very best training for our students. This requires a motivated and talented leadership team.

As part of the tradition and heritage of the martial arts, students have always assisted the instructor to maintain the quality and integrity of the school. While we didn't always have a title for the team, we had the desire to teach and the pride in our school to go the extra mile to insure our reputation as the best!

As a Black Belt Club member, your Child will be trained in the art of communication. Much more than the technical skill of your sidekick, your skill as a successful communicator and motivator will determine your success as a teacher.

Black Belt Club Responsibilities

Black Belt Club members must accept fully the following responsibilities in order to maintain their Black Belt status. Failure to perform in these areas must result in the stepping down of a Black Belt club Member, and returning to the Brown Belt Level of Training!

Black Belt Club members must attend Leadership Team seminars, classes and workshops.

Our Commitment To The Student!

The very best tool for learning about yourself and your martial arts is to teach. We will provide your child with the guidance to develop his or her martial arts teaching skills and the opportunity to apply that knowledge consistently. As you well know, our instructors are some of the very best teachers many of us have ever encountered. The teaching system that we have developed works and works well.
